

GERMAN SHEPHERD DOG

German shepherd is one of the breed dogs. These dogs often appear in movies like Commissioner Rex, but they are not the only ones. These dogs are very intelligent, fast learners, funny (like all dogs), but they need a lot of space and someone that will play with them. At home we've got one dog. His name is Runo and he is a German Shepherd, but he is sometimes very playful. He likes destroying my hats, stuffed animals and he sometimes steals all socks that he can find. He's the greatest chocolate thief (he really loves it).

I like Runo and if you are planning to have a dog, you should have it BECAUSE EVERY DOG NEEDS A HOME.
