Let me tell you a story. There was a girl called Tiana. A girl with brown hair and blue eyes was born in Texas. At the age of 6 she went to school and she was successful. After 9 years she finished school and fell in love too.

(I'm going to tell you how this happened. Let's get started, shall we?)

One day (Tiana and her best friend were already in high school). Tiana's best friend met a boy called Tim and they started talking. But after a few days they argued. So Tiana and Tim started to talk (Tiana's best friend did not mind if they talk or if they don't). They switched phone numbers, snapchat names... and they started talking more often.

(Before I continue with the story, I will tell you something about Tim. He is a boy- obviously- and he is 16 years old- why 16? Because this happened in the past that's why. Tim has got brown hair and brown eyes and he's a man- a tall man LOL. OK let's continue with the story).

After a few weeks Tim sent her a picture of a pizza. (It was written on the pizza: YOU ARE MY SUNSHINE.) and Tiana was so in love with it. On the next day at school she immediately told everything about that snapchat picture to her best friend.

(So the point is Tiana and Tim talked for a long time and they became a couple too. But that changed). When Tiana turned 18 and Tim 19 they argued and broke up. ((Sad face☹) They were a couple for 3 years). And both of them found another partner. They thought that they were happy with their partners, but they weren't. Deep, deep, DEEP in their hearts they missed each other.

(Soo sad LOL)

After two (only two years) Tiana had a baby called Nika. It passed half of the year and Tiana started to realise that she missed Tim and that she wasn't happy with her partner (She needed 2 years and a half to realise that?!), so she dumped him and took Nika with her. (She also found out that her partner was with another girl-again

Sad face☹). Tim wasn't happy with his girlfriend too and he missed Tiana so much that he just couldn't stop thinking about her. (He also didn't have any feelings for that girl whose name I don't know), so he dumped his girlfriend too. (Good job boy).

They weren't sorry. After 5 years they met in the street (OMG coincidence hAhA) and they started talking. They told everything to each other and they also forgave everything and fell in love again. (OMG again-how cute!) When Tiana was 22 and Tim 23 they got married and became Mr and Mrs What (I know haha who has a surname like that haha). Tim did not complain about Nika 'cuz he loved her like his own daughter (Nika wasn't his daughter and she won't be- Sad face again ☹. Nika is his stepdaughter).

(How cuute. So that was the past. Would you mind if I tell you something about the present-what are they like and what do they do and so on?)

Tiana is now 30 years old and she works for Walt Disney (She had an idea for Finding Dory). And Tim works for Dream Works company (He ha dan idea for Trolls). Nika is 10 years old and she has grown into a nice lady. Who knows what is she going to do with her life. (And that's THE END)
